

SOCIETY OF ARCHITECTURAL HISTORIANS  
MARION DEAN ROSS CHAPTER  
2019 WENDELL LOVETT STUDENT RESEARCH AWARDS

---

The Marion Dean Ross Chapter of the Society of Architectural Historians invites applications for the 2019 Wendell Lovett Student Research Awards. Previously called the Wendell Lovett Fund, the goal of this award is to provide for the participation of young scholars who might not otherwise be able to attend the annual conference and to also encourage the participation of young scholars in furthering awareness and knowledge of the architectural heritage of the Pacific Northwest. The grant award is made contingent upon acceptance of the abstract by the Papers Committee (see the Call for Papers for more information). Please include a note with the abstract submittal that a research award is also being applied for. On acceptance of the abstract, the Papers Committee chair will convey that information to the Grants Committee chair, whose committee selects the recipient(s) of the grant and determines the amount of the award in concert with the Chapter Treasurer. The goal of the award is to focus on projects that increase understanding of the region's built environment and that will produce tangible results that can be made available for interested scholars and students.
